

Durrenberger Scholarship for Women in Science

College of Science

Gwen and Weldon Durrenberger both shared fond memories of their college days and because of this love and his deep love for his wife, Gwen, Weldon made a gift of property to Texas State University. Both Weldon and Gwen had exciting careers in the sciences. Weldon wanted to create a lasting memory for Gwen and at the same time assist students who were pursuing a degree in one of the sciences, technology or engineering. This property gift has been developed into the Gwen S. Durrenberger Endowment for Women in Science.

The Award...

Awards will be valued at \$1000 to \$6000 based on classification ranging from undergraduate, current M.S and PhD students and entering PhD students. Successful candidates should be pursuing an undergraduate, graduate or PhD degree in one of the sciences, technology or engineering. Candidates can apply for the award or be nominated.

The Application...

Evidence of excellence to be included in the application packet are as follows but not limited to:

- An updated resume` emphasizing scholarly accomplishments and previous honors.
- An up-to-date college transcript.
- A statement of personal and professional goals related to how a degree in the sciences may have greater societal impact.
- Three letters of reference.

Application deadline is March 1, 2008 with selections to be completed by March 31, 2008.

Completed application packets should be sent to the Dean's Office, College of Science,
201 Centennial Hall.
